

Our family has owned and operated several businesses since we were married over 20 years ago. Our youngest of 5 children are twins in the 1st Grade so we know how excited children get when they are rewarded for their achievements.

Our family has been in the printing industry for many years so when we discovered how much our school was paying for ACHIEVEMENT TAGS we knew this was an opportunity for us to make a difference.

We were able to save our School 55% off their current prices. With these savings, my daughter's school was able to use the funds for other projects not normally in their budget.

We have found this a small way to give back to the schools that have taken such good care of our children....And now we are passing the saving along to your school.

QTY (per design)	LAMINATED TAGS		BALL CHAIN	
	1st order	re-order	4"	24"
25-100	0.29	0.27	0.08	0.13
